

The Hartland Police Department is selling a 2006 Jayco 30' Travel Trailer that has been converted to a Mobile Operation Center. This trailer was purchased in 2007 from the Wisconsin Federal Property Program and was a FEMA trailer intended to be used in the Hurricane Katrina area. When received from FEMA, this trailer was never used and has been stored indoors since. The unit is owned by numerous municipalities in conjunction with Hartland, but our need for the unit is no longer necessary.

We would like to sell this unit to another police, fire, emergency government, or any other entity that serves the public. Any interested parties should contact Chief Robert Rosch for more information at rosch@villageofhartland.com, or by phone at (262) 367-2323.

Unit Specifics: 2006 Jayco 28BHS **ASKING PRICE - \$4,500.00**
 30'6" Exterior Length
 5315# Vehicle Weight

Pictures of the unit are included, along with the general floor plan. The two bed areas on the floor plan have been converted to office space.
