Subject: WisDOT I.D. 1330-10-01(71)
WIS 83 and WIS 16 Interchange
City of Delafield and Village of Hartland
Waukesha County

The Wisconsin Department of Transportation (WisDOT) has scheduled a public information meeting to discuss improvement plans for WIS 83, from 1,425 feet south of the bridge over the Union Pacific Railroad/Vettelson Road to Campus Drive, including the WIS 83 and WIS 16 interchange in Waukesha County (see attached project location map). The meeting is scheduled for:

**Wednesday, February 15, 2012
4 p.m. – 8 p.m.**

Hartland Village Board Room, 210 Cottonwood Ave., Hartland, WI

The purpose of the meeting is to provide information on the proposed improvements and obtain input that will assist the department in further developing and refining proposed improvements. WisDOT representatives will be available to discuss the proposed project and address any questions or concerns. The meeting will have an "open house" format to allow interested persons an opportunity to meet individually with WisDOT representatives and to view exhibits displaying pertinent information regarding the project.

The proposed improvements will include reconstructing WIS 83 into a 4-lane divided roadway from 1/4 mile south of the bridge over the Union Pacific Railroad/Vettelson Road to Campus Drive. Improvements are also planned for Capitol Drive from Vettelson Road to WIS 83. Ramp improvements will include a second lane at the WIS 16 westbound and eastbound on-ramps and extending the dual right turn lanes on the eastbound off-ramp terminal. Construction is scheduled for 2014 or 2015, pending funding.

We look forward to your participation in this important meeting. If you have any questions at this time or if you cannot attend the meeting but would like to find out more about the proposed improvements, feel free to contact Michael Treazise, WisDOT project manager at (262) 521-4421 or by e-mail at Michael.Treazise@dot.wi.gov.

The Hartland Village Board Room is wheelchair accessible. Hearing impaired citizens may contact WisDOT through the Wisconsin Telecommunication Relay System (dial 711) at least 3 working days prior to the meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Treazise".

Michael Treazise, P.E.
