What is...

**BIG & COOL & WET & FUN,**  
and coming to Nixon Park in Hartland?

The Lake Country Rotary and Lake Country Foundation are planning the construction of a Splash Pad in Nixon Park. The goal is to raise \$300,000 in cash and in-kind donations to complete the construction of the splash pad. Both the Lake Country Foundation and the Lake Country Rotary have committed funds for the project.

Anticipated Grand Opening—Summer 2012.

On behalf of the Lake Country Rotary and the Lake Country Foundation, we ask your support of our Club's plans to build a splash pad in Nixon Park, downtown Hartland. We anticipate that this splash pad will enhance our community and bring in folks from near and far. We hope that it may spark additional growth for businesses like yours and serve as an overall improvement to the lifestyle in our great Lake Country area.

#### What is a Splash Pad?

A splash pad combines the sensations of water movements and interactive play elements in a safe "zero-depth" water play area. There is no need for lifeguards and virtually no drowning risk. The play area is constructed on a concrete slab with various water features that spray water in different patterns and directions, cooling off the visitors on those hot summer days.

#### Where will it be located?

It will be located in Nixon Park. You'll find in this packet a blueprint diagram showing how we hope it would be laid out in Nixon Park to provide for family-friendly entertainment in the Lake Country Area.

#### How much will it cost to build?

The total anticipated project budget is \$300,000. The Lake Country Foundation and Lake Country Rotary Club already have some funds earmarked for this project and we are seeking contributions from generous donors committed to the Lake Country Area. We are also seeking in-kind donations.

#### How can you help?

We would love to put a permanent stamp on this project with your company's name and/or logo in show of your direct financial support of this project. The enclosed donation guide includes our various donor levels and recognition. In addition, in-kind services for things like concrete, plumbing, landscaping, masonry, and other skilled trades, will be accepted. Further, donations of auction items are welcome to use at a fundraiser being planned for February of 2012. Finally, I ask that, if possible, you hang the enclosed poster and set out the enclosed brochures for your employees, customers or patrons.

#### How do I learn more?

Visit our website at [lakecountryrotarysplashpad.com](http://lakecountryrotarysplashpad.com). We will be updating our website to reflect our fundraising efforts, display concept designs and recognize our sponsors.

Thank you in advance for your consideration and support. If you have questions or wish to discuss the project further, including discuss sponsorship opportunities that may not be listed on the brochure, please feel free to call Mike Kaiser at 262-367-2181.
